Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharma-

result of three facts: First-The indisputable evidence that it is harmless:

Second-That it not only allays stomach pains and quiets the nerves, but assimi-

lates the food: Third-It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic

and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's

Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, how-

ever, is to expose danger and record the means of advancing health. The day

for poisoning innocent children through greed or ignorance ought to end. To

our knowledge, Castoria is a remedy which produces composure and health, by

regulating the system-not by stupefying it-and our readers are entitled to

ceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the

TO CURE HABIT OF BLUSHING.

Open Air Exercise and Companionship Will Do It.

The habit of blushing is almost invariably a cause of great annoyance to Its possessors. Very frequently it seriously hampers them in the ordinary affairs of life, for blushing is accompanied by confusion of mind, nervousness and hesitancy. The two main points in the treatment of shyness, which is the great cause of blushing. are, first, open-air exercise, and, second, the society of others. Open-air exercise is good for all morbid disor ders, such as excessive shyness, while the social life makes for self-control and that savoir faire we all seek to attain; for the latter enables us to go through life without betraying awkwardness and timidity. Abnormally sensitive people may find the cure a engthy one, but if they persevere the very mental effort which is put forth to accomplish the remedy will aid them in acquiring control over their tell-tale blushes.—New Orieans Times-Democrat.

Complaint of a Vulgarism.

Says a writer in the London Chron-"A vulgarism-one which, like aggravate' for 'irritate,' has come into demean, with a sense of derogation or abasement. It is to be seen in many a paper and even many a book and heard in many a speech. It is the second syllable that has misled the popular understanding, but the noun 'demeanor' should have saved the educated from their blunder with When the cook refuses to 'demean herself' she is excusable, be cause 'demeanor' is not in her vocab-

Japanese Tea Party.

At a Japanese tea party the guests mit on cushions placed upon the floor and the tea service consists of a teapot, a cooling pot, teacups and a hiba chi to heat the water. The Japanese do not agree with us in thinking that boiling water should be poured over the tea, so when the water is boiled . little of it is placed in the cooler and then poured over the tea, which is al lowed to steep for a few minutes. Bolling water is then added and the cups filled. Green tea is used, but no sugar

Members of the Utah National Guard are enjoying the annual encampment at Mantl this week.

A. H. Farrington fell from the fifth floor of a building in Salt Lake last week and escaped with a broken arm.

The past season has been a most profitable one for Salt Lake's pleasure resorts, all of which closed on Monday. Labor day was celebrated at the

capital city by the suspension of businees and big gatherings at all the re-A. Lenheer was kicked by a frac tious horse in Ogden, his skull being

crushed, but he has even chances for Seventy-five members of the Grand

Army of the Republic from Salt Lake and forty from Ogden are attending the convention in Denver this week, A fine new building for the Weber

Stake academy at Ogden is to be constructed during the next few months The structure will cost about \$30,000. Plans Roth, a well known miner at

Prisco, formerly a foreman in the Horn Silver mine, was killed by a cave in in the Lulu mine, adjoining the Horn Bilver.

As the result of lujuries received when he was run down by a livery team August 19th, Nils Benson, 63 years of age, died last week at his home in Sait Lake.

Reports are current both in Ogden and Salt Lake that work will begin on the actual construction of this endof the Western Pacific in about two weeks at a point near Saltair.

The Weber club will take up the question of freight rates from Ogden to points on the San Pedro. As matters now stand the Ogden jobbers claim they are being discriminated against.

Tomato growers are finding no difficulty in smiling these days, for desplie the fact that the crop this year is but one-fifth of the normal, they are making more money than for three years past.

Mrs. Sophia Larsen of Mt. Pleasant, met with a very severe accident last week, which may result fatally. Mrs. Larsen was milking when one of the cows struck her in the back, injuring her internally.

Governor John C. Cutler last week issued a proclamation naming the commission of nine members provided for by the last legislature to investigate the work of the Agricultural col-

State Chemist Herman Harms has just completed a chemical analysis of twenty samples of breakfast foods made from wheat, oats, barley and corn and sold on the lecal market. All were found free from adulteration.

The first religious services ever held at Modena were conducted on August 27 by Foster, a converted Plute Indian, who has recently returned from the Indian school at Carilsle, Pa. Nearly the whole town

buas E. Wright, of Bingham on, attempted suicide in his cell he Salt Lake county jail, Sunday nt by swallowing a large quantity of sodium salicylate. Wright's intentions were good, but the drug contained no poison.

Unfamiliarity with the briny waters of the Great Salt lake came near costing Joseph Murphy, of St. Louis, his life at Saltair Sunday. Only the prompt aid of a few of the resort employes saved Mr. Murphy from being strangled by the salty spray.

It is not improbable that congress will grant prospective Uintah land settlers an extension of time in which to establish their residence in case there appears to be a pressing need of such an extension because of lack of early irrigation facilities.

Cholera among hogs has made its appearance in Payson and vicinity. Several farmers have lost a number of hogs as the result, and those who are making a business of the industry are alarmed as to the outcome of the disease unless it is checked.

According to the report of James Christensen, state treasurer, the state's total receipts from all sources during the month of August amount ed to \$92,032.25. Disbursements during the month amounted to \$95,265.30 The balance on hand July 31 was \$228,-

The new tabernacle at Lehi, which has cost approximately \$50,000 to erect was formally opened Sunday. President Joseph F. Smith, all the members of the Alpine stake presidency, ex-Bishop T. R. Cutler and many other outside visitors were

According to the records of the Salt Lake board of health, the month of August, 1905, showed a great improve ment over previous years in the mat-ker of contagious diseases. There were out twenty-nine cases of typhoid, as compared with thirty-nine cases in August, 1904.

Bishop William H. Maughan of fellsville, a pioneer of Cache county, ad for more than forty years a prominent in the affairs of the town and county, is dead at his home, of liver trouble. He came to Utah in 1850, and with others founded the

IDEAL

Shapes the Destiny of Men-The Influence of a Healthy Woman Cannot Be Overestimated.

Seven-eighths of the men in this world marry a woman because she is beautiful in their eyesbecause she has the qualities which inspire admiration, respect and love.

There is a beauty in health which is more attractive to men than mere regularity of feature. The influence of women glorious in the possession of perfect physical health upon men and upon the civilization of the world could never be measured. Because of them men have attained the very heights of ambition; because of them even thrones have been established and de-

What a disappointment, then, to see the fair young wife's beauty fading away before a year passes over her head! A sickly, half-dead and alive woman, especially when she is the mother of a family, is a damper to all joyous-ness in the home, and a drag upon her inshard. The cost of a wife a con-stant illness is a serious

drain upon the funds of a bousehold, and too often all the doctoring does no good.

If a woman finds her energies are flagging, and that everything tires her, dark shadows appear under her eyes her sleep is disturbed by horrible dreams; if she has backache, head-aches, bearing down pains, nervous-ness, whites irregularities, or despon-dency, she should take means to build her system up at once by a tonic with specific powers, such as Lydia E. Pink-ham's Vegetable Compound.

This great remedy for women has done more in the way of restoring health to the women of America than all other medicines put together, the safeguard of woman's health. It is

Dear Mrs. Pinkham:-

"Ever since my child was born I have suf-fered, as I hope Iew women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stonach so that I could not en-joy my meals, and half my time was spent in best

"Lydia E. Finkham's Vegetable Compound made me a well woman, and I feel so grate-ful that I am glad to write and tell you of my marvelous recovery It brought me health, new life and vitality."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every woman who is in poor health and ailing.

Its benefits begin when its use begins. It gives strength and vigor from the start, and surely makes sick women well and robust.

Remember Lydia E. Pinkham's Vege-table Compound holds the record for the greatest number of actual cures of woman's ills. This fact is attested to by the thousands of letters from grate-ful women which are on file in the Mrs. Bessie Ainsley of 611 South 10th
Street, Tacoma, Wash, writes:

Women should.

for all female diseases actually exists, and that cure is Lodia E. Pinkham's Vegetable Compound. Take no substi-

Letters from Prominent Physicians Addressed to Charles H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Illa., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory." Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in class. In my thirty years of practice I can say I never have found anything that filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found an excellent remedy in my household and private practice for many years. The remula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria ex-tensively, as I have never found snything to equal it for children's troubles. I am aware that there are imitations in the field, but I siways see that my putients get Fletcher's."

Dr. Wm. I. McCann, of Omaha, Neb., says: "As the father of thirteen children certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Casteria a popular and efficient remedy in simost every home." Dr. J. R. Clausen, of Philadelphia, Pa., says; "The name that your Cautoria has made for itself in the tens of thousands of homes blessed by the presence of calidren, scarcely needs to be supplemented by the endorsement of the nuclear) profession, but I, for one, most heartly endorse it and believe it an excellent remedy."

Dr. Channing H. Cook, of St. Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnexious and therefore difficult of administration. As a maxime, I consider it the peer of anything that I ever prescribed."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not pre-scribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartlest recommendation of Castoria."
